

## BESS R&D Babcock Ranch

BABCOCK RANCH, FL

Accredited as the FIRST solar power town in America.

Accredited as the FIRST solar power town in America, Babcock Ranch stands as the definition of a shifting energy paradigm. PPS was fortunate enough to prove multiple AC-Coupled BESS Systems in support of R&D for future BESS implementation.

*UNIQUE ATTRIBUTES:* This project was completed inside an active substation and great care was taken throughout all construction phases to provide uninterrupted service to the residents of Babcock Ranch. PPS installed BESS solutions from 3 distinctly unique OEM's along with 3 distinct communication and control systems to be evaluated by NextEra.

America's first solar powered town receives 3 unique BESS OEM's for R&D.
